PICCOLO está concebido especialmente para cuartos de baño de reducidas dimensiones.

Está disponible en 3 versiones; Sensor, con activación por pulsador; y dos versiones Radar, con activación por proximidad y equipado con puntero LED. En la versión Radar, sólo consume la energía necesaria, al retirar las manos el aparato se detiene automáticamente.

PICCOLO is specially designed for small bathrooms.

It is available in 3 versions; Sensor, with push button activation; and two Radar versions, with proximity activation and equipped with LED pointer. In the Radar version, it only consumes the necessary energy; when the hands are removed, the device stops automatically. disconnects itself when the user withdraws his hands from underneath it.
